London, the stilled air, the light, the room, patted the chair early on the back and, seizing upon pencil and pen, dashed into her work with rare energy. She bent low over the desk, her pencil moving rapidly. She seemed loath to pause for breath. She had covered many sheets when Fiske returned, and as he came in softly in order not to disturb her she was so deeply engrossed that she did not hear him, nor did she look up when Parker entered, but pursued the formulation of her fast flying ideas with the same single purpose and abandon. So the two men sat and waited while their chiefness wrote absently. At last she glanced up and made a little startled exclamation at seeing them there and then gave them cheery greeting. Each placed several scribbled sheets before her, and she, having first assured herself that Fiske had brought his overshoes, and having expressed a fear that Mr. Parker had found her umbrella too small, as he looked damp (and indeed he was damp, cried praise on their notes and offered the reporters great applause. "It is all so splendid!" she cried. "How could you do it so quickly? And

With the humblest, proudest grace in the world.

The burnished plumage of the peacock owes its brilliancy and splendor to a healthy condition. Let the bird be sickly, and the plumage droops and grows dull. There is no exception in nature to the rule that beauty depends on health.

Women who see their beauty waning rarely associate the external change with failure of the womanly health. They do not understand the close relation of the general physical health to the health of the delicate womanly organism, until after being cured of womanly diseases by the use of Dr. Pierce's Favorite Prescription they find the color returning to the cheek and the flesh to the body.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Several years ago I was very poorly," writes Mrs. May Kelley, of Sylvia, Kans., "so weak I could hardly walk across the floor, and at times suffered severely. I took two bottles of Dr. Pierce's Favorite Prescription and got well and hardly-gained twelve pounds in two months and was the picture of health. Your medicines have cured me. Almost everybody I meet says, 'You look so much better than you have for several years; you look well now.'"

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are a lady's laxative. Nothing equals them for gentleness and thoroughness.

Harkless would conceive a policy were there, when Minnie Briscoe ran joyously up the stairs, plunged into the room water-proofed and radiant and caught her friend in her eager arms and put an end to policy for that day.

But policy and labor did not end at twilight every day. There were evenings, as in the time of Harkless, when lamps shone from the upper windows of the Herald building; for the little editor worked hard, and sometimes she worked late; she always worked early. She made some mistakes at first and one or two blunders which she took much more seriously than any one else did. But she found a remedy for all such results of her inexperience, and she developed experience. She set at her task with the energy of her youthfulness and no limit to her ambition, and she felt that Harkless had prepared the way for a wide expansion of the paper's interests, wider than he knew. She brought a fresh point of view to operate in a situation where he had fallen perhaps too much in the rut, and she watched every chance with a keen eye and looked ahead of her with clear foresight. What she waited and yearned for and dreaded was the time when a copy of the new Herald should be placed in the trembling hands of the man who lay in the Rouen hospital. Then she felt if he, unaware of her identity as he was and as he was to be kept, should place everything in her hands unreservedly, that would be a tribute to her work. And how hard she would labor to deserve it!

After a time she began to see that as his representative and editor of the Herald she had become a factor in district politics. It took her breath, but with a gasp of delight, for there was something she wanted to do.

Rodney McCune had lifted his head, and the friends of his stricken enemy felt that they and the cause that Harkless had labored for were lost without the leader, for the old ring that the Herald had beaten rallied around McCune. "The boys were in line again." Every one knew that Halloway, a dull but honest man, the most available material that Harkless had been able to find, was already beaten. If John Harkless had been "on the ground to work for him," it was said, Halloway could have received the nomination again, but as matters stood he was beaten and beaten badly, and Rodney McCune would sit in congress, for nomination meant election.

But one afternoon the Harkless forces, demoralized, broken, hopeless, woke up to find that they had a leader. There was a political conference at Judge Briscoe's. The politicians descended sadly at the gate from the omnibus that had met the afternoon train—Dewell and Keating, two gentlemen of Amo, and Bence and Shannon, two others of Gaines county, to confer with Warren Smith, Tom Martin, Briscoe and Harkless' representatives. Fiske and the editor of the Herald. They entered the house gloomily, and the conference began in dejected monosyllables. But presently Minnie Briscoe, sitting on the porch pretending to sew, heard Helen's voice, clear, soft and trembling a little with excitement. She talked for only two or three minutes, but what she said seemed to stir up great commotion among the others. All the voices burst forth at once in exclamations, almost shouts. Then Minnie saw her father, seated near the window, rise and strike the table a great blow with his clinched fist. "Will I make the nominating speech?" he cried. "I'd walk from here to Rouen and back again to do it!"

"We'll swim out!" exclaimed Mr. Keating of Amo. "The wonderful thing is that nobody thought of this before. There are just two difficulties—Halloway and our man himself. He wouldn't let his name be used against Kedge. Therefore we've got to work it quietly and keep it from him."

Actual News of Operations at Theater of War Again Very Meager.

New Chwang, March 31.—The Russian police have apologized and have rehoisted the United States flag over the correspondents' mess.

London, March 31.—The Japanese authorities have refused correspondents the use of the field telegraph lines and all dispatches must be sent to Tokyo by mail. It is further said that there is no sign that any foreigners will be permitted to go to the front, though the native newspaper men will be allowed to do so.

A correspondent at Seoul reports that the Russians are evacuating the positions they occupy in Korea. Specials from Shanghai repeat the rumor that the mikado will shortly proceed to Korea with the headquarters staff. A Seoul correspondent describes Korea, outside the districts occupied by the Japanese, as being in a state of anarchy and in readiness for rebellion. The correspondent asserts that the censorship prevents any reference to local disturbances. There is no further news of any kind concerning the progress of hostilities.

LITTLE CHANCE

Remains for Russians to Leave Port Arthur Harbor.

Washington, March 31.—Information has been received here from Tokyo, under date of March 29, to this effect: "The Japanese fleet has been successful in the attempt partially to close the channel of Port Arthur. Four Japanese merchant vessels, escorted by twelve destroyers and six first-class torpedo boats, arrived at 3 a. m. March 27. The Japanese merchant vessels successfully entered the channel inside the lighthouse. Two were destroyed, sunk by Russian destroyers, two of them by their own explosives. Loss in killed, two officers, two men. Loss in wounded, one officer, eight men. No casualties Japanese torpedo vessel. Very small gap in channel."

In view of the information received it is believed here it will be difficult for the Russian ships to pass the channel should the cablegram from Tokyo prove to be accurate.

South Dakota's Expression.
Sioux Falls, S. D., March 31.—The Democratic state convention did not complete its work until a late hour last night. The report of the committee on resolutions which was unanimously adopted reaffirms the principles of democracy "as enunciated by Jefferson, Jackson and Bryan," and instructs the delegates to the St. Louis convention to support Wm. Randolph Hearst "first, last and all the time for the presidential nomination."

Died While Singing a Song.
Duluth, Minn., March 31.—John Laurier, a pioneer citizen of Hibben, dropped dead last night of heart disease. He had won considerable money on the recent election, and had invited a number of friends to help him celebrate his good fortune. While singing a song he reeled and fell, expiring instantly.

Self-Confessed Murderer.
Philadelphia, March 31.—Wm. E. Church, the young marine and confessed murderer who was arrested at the League Island navy yard several days ago, has started on his journey in custody of officers to St. Louis to stand trial for the murder of his parents in Warrenton, Mo.

HEINZE IN CONTEMPT

Montana Court Assesses a \$20,000 Fine.

Butte, Mont., Mar. 31.—F. Augustus Heinze, the Montana copper magnate, A. L. Frank, superintendent of the Johnstown Mining company and J. H. Treerise, superintendent of the Rarus mine, Heinze properties, were found guilty of contempt of court by Judge Beatty in the United States court, in

the action brought by the Butte and Boston mining company against the defendants for entering the Michael Davitt lode claim and extracting therefrom valuable ore. Mr. Heinze was fined \$20,000 while Frank and Treerise were fined \$1,000 each. Carlos Warfield, another defendant, was acquitted. The litigation which resulted in Heinze being fined is of four years' standing and is over the Michael Davitt claim, adjoining both the Rarus mine, owned by Mr. Heinze and the Pennsylvania, owned by the Amalgamated Copper company.

A GRIM ARRAY

Largest Fleet of Uncle Sam's Gunboats Ever Gathered in Peace.

Pensacola, Fla., March 31.—With the arrival here of the gunboats Newport and Castine from Colon, the largest fleet of United States warships ever assembled in times of peace, is gathered here. The combined fleet engaged in target practice includes seven battleships, five cruisers, seven gunboats, three monitors, two torpedo boat destroyers, besides a number of tenders, colliers and supply boats. The fleet includes more than twenty-five vessels of various classes. The battleship Alabama has established a new world's record for rapidity and accuracy in firing all classes of her guns. She came into port after a week spent at the target range and her officers report that her record is much better than that of the Kearsarge made last week. The percentage is being worked out by the target inspectors.

Flag Desecration Charged.
Denver, Colo., March 31.—Wm. D. Haywood, secretary of the Western Federation of Miners, was arrested here on a charge of desecrating the flag. The charge of flag desecration is based on the issuance of a dodger by the western federation of miners. The back ground is a picture of a United States flag and it is headed "Is Colorado in America?" On the stripes are short sentences commenting in sarcastic language on the policy of the governor and the militia.

Series of Tragical Deaths.
Black Jack, Mo., March 31.—The fourth fatality in two neighboring families resulting from the use of kerosene occurred yesterday when Barney Suter died from burns received while trying to light a fire. The first deaths resulted a week ago, when two small children of Mr. and Mrs. Saxauer, were enveloped in flames as they attempted to light a fire with oil. The mother of the two children drowned herself in a pond a few days after her little ones had met their death.

Found Extenuating Circumstances.
Paris, March 31.—Frederick Crueling, the editor of an art paper, charged with the murder of Elise Papesool, a Roumanian singer, in his room at the Hotel Regina, Oct. 11, last, has been declared guilty. The jury found that there were extenuating circumstances in the case and Crueling was sentenced to ten years' hard labor and to ten years police supervision.

Child Drowned in Bucket.
Elkhart, Ind., March 31.—The fourteen-month-old child of Albert Stockly fell head foremost in a bucket filled with water and drowned before assistance came.

TERSE TELEGRAMS
A cartridge factory at Sasebo, Japan, was blown up and four workmen were killed. Commissioner of Pensions War has returned from the South in much improved health. The Juarez (Mex.) smelter and concentrating plants were destroyed by fire, entailing a loss of \$130,000. Nicaragua has just purchased \$1,000,000 rounds of ammunition and expects to buy more. The navy department has decided to send a torpedo boat destroyer to St. Louis under escort of the Nashville.

The peace negotiations in Uruguay have been abandoned and the government is raising fresh forces in preparation for a winter campaign. King Edward and Queen Alexandra are at Copenhagen to attend a family gathering on the occasion of King Christian's 80th birthday. Business in the Cape of Good Hope is in a very depressed condition and there are thousands of Americans in the country in unfortunate circumstances.

The health of Emperor William again creates alarm in Germany, owing to recurrence of the throat trouble for which the emperor was operated upon last year.

Philip Nagel, sentenced to be electrocuted on April 20 for the murder of William Wade at Upper Sandusky, Ohio, was granted a stay by the circuit court, which will review the case.

CAUSE FOR REFLECTION

Renewal of Race Question Discussion in House Brings Out a Pertinent Statement.

Mr. Crumpacker Springs the Horrifying Facts Upon the Members.

Washington, March 31.—Substantial progress has been made by the house in the consideration of the sundry civil bill, fifty-one pages being disposed of, leaving only twenty-one to be read. No amendments of general importance were made.

Mr. Bartlett, of Georgia, briefly replied to the statements of Mr. Gillette, of Massachusetts, made last Monday on the negro question. He said that the Massachusetts member had lectured the South for disregard of violations of the law, whereas in the city of Marion, Mass., persons who had tarred and feathered a man and woman had been acquitted and were paraded through the streets as heroes. He believed that the people of the South are entitled to work out the negro problem "as God shall will it."

Mr. Crumpacker, of Indiana, declared that 3,000 persons have been mobbed and put to death in the last twenty-five years in the United States.

IN THE SENATE

Democrats Renew Demands for Post-office Investigation.

Washington, March 31.—The senate has begun consideration of the post-office appropriation bill and it was the signal for a revival of the Democratic demand for an investigation into the charges of corruption in the postoffice department. The debate was initiated by Mr. Gorman, who spoke for almost two hours in criticism of the course of the Republican party in the senate in refusing an inquiry at the same time charging the postoffice committee with undue haste in reporting the bill, as he did the Republican party with a desire to meet the wishes of the president. Mr. Clay contended that there should be a congressional inquiry, saying that the charges against Mr. Heath, ex-first assistant postmaster general, were such as to demand investigation. Mr. Penrose and Mr. Lodge spoke for the Republican side of the chamber, defending the committee on postoffices against the charge of haste and also the administration. Mr. Lodge contended that congress could not make an inquiry that would be as thorough as that already made by the postoffice department. He charged the Democratic attack to a desire to find a political issue. Mr. Scott quoted District Attorney Beach and Assistant Attorney General Robb as saying that there was not sufficient evidence upon which to indict Heath.

Illinois Mines May Close.

Springfield, Ill., March 31.—The prospect for the closing of all the coal mines in Illinois seems grave today. The operators state that if the miners will not agree to the reduction which the national organization of miners by a popular vote had voted to accept, it was very probable they would close down their mines at midnight tonight when the old scale ceases to be of effect.

May Shut Down Iowa Mines.

Des Moines, Ia., March 31.—The sub-committee appointed by the Iowa miners to consider the strike situation agreed to disagree and so reported this morning. The present contract with the operators expires today, and with no other agreement, a general shutting down is inevitable. Thirteen thousand five hundred miners will go out.

Iowa Mines Tied Up.

Des Moines, Ia., March 31.—A committee composed of five miners and five operators appointed by the joint scale committee, has reported to the joint conference that the scale committee cannot agree. Leading operators say there can be no other alternative now than to shut down the mines throughout Iowa.

Pittsburg Miners Reconcoiled.

Pittsburg, March 31.—The conference between the coal operators and miners to settle upon local conditions under the basic scale adopted at Indianapolis, has ended in an amicable agreement and the men will continue at work.

He Admits the Corn.

San Francisco, March 31.—George Darton surrendered himself to the police saying that he was wanted in Lucas county, Ohio, on a charge of embezzlement of \$1,100 of the county funds. He was formerly county clerk and says he left Toledo on Oct. 27, coming direct to San Francisco.

Nothing to It, Says, Toledo.

Toledo, O., March 31.—Geo. Darton, reported to have surrendered to the police of San Francisco, is unknown to the authorities here. There has been no embezzlement of funds in the office of the clerk of Lucas county.

A Time-Saving Measure.

Washington, March 31.—Senator Hoar has proposed an amendment to the rules of the senate concerning impeachment so far as they require all proceedings to be before the senate itself. He purpose is to shorten the proceedings and make them more convenient to the senate.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains, your liver is in line; if it clouds, your frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extra-ordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address: Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

Call For Republican Convention.

The Republicans of Jackson county will meet in mass convention in the several townships of the county, on Saturday, April 2nd, 1904, at such time and place as may be selected by the several precinct committees; for the purpose of selecting delegates and alternate delegates to the Republican State Convention to be held in the City of Indianapolis, Ind., on Tuesday and Wednesday, April 26th and 27th, 1904. The appointment of delegates under the rule laid down by the State Committee is "one delegate and one alternate delegate for each 200 votes and for each additional fraction of more than 100 votes cast for Hon. Daniel E. Storms at the November election 1902." Under this rule Jackson county is entitled to eleven delegates and eleven alternate delegates and the apportionment to the townships made under this rule (showing also the republican vote cast in each township in 1902) is as follows:

VOTE IN 1902 DEL. ALT.

A City Ticket is Being Made this Afternoon.

The republicans of Seymour are choosing a city ticket this afternoon by primary election. The weather is favorable since the rain ceased and the indications point to a good vote. As the polls do not close until 8 o'clock this evening is looked for. At each of the polling places everything is moving along smoothly.

At 3:30 this afternoon the votes then polled in the five wards was as follows:

1st Ward.....65

2nd ".....71

3rd ".....75

4th ".....67

5th ".....69

If you have not voted, go to the polls and cast your ballot before 8 o'clock.

EVERY republican in the city should vote in the primary this afternoon. Polls open until 8 o'clock.

THE polls do not close this evening until 8 o'clock. If you have not voted go to the polls and vote. Every republican in the city should have a part in naming the ticket.

COMMENTS ON OPINION.

What Indianapolis Papers Say of the Water Company Decision.

In commenting on the opinion of the supreme court in the water company case the Indianapolis News says:

"The supreme court today reversed the circuit court decision in the Seymour Water Company case, holding that neither paragraph of the complaint by the city of Seymour sets forth a cause of action. The circuit court had declared the franchise of the water company void and had enjoined it from asserting any rights under the city ordinance which granted it the use of the streets of Seymour, and from collecting water rents from the citizens.

"The two grounds relied on by the city to show that the franchise was void were that the franchise ordinance assumed to grant a monopoly to the one company, and that the company had forfeited whatever right it originally had by failing to filter the water, and to do other things which it had agreed to do.

"The supreme court says that the complaint does not raise the first question, because it omits to set forth that the water company is occupying the streets or making any effort to enjoy a monopoly. As to its failure to filter the water and perform its other duties, the court says that the proper remedy for the city would be an action of mandamus to compel the water company to live up to its contract. The case goes back to the circuit court, where the city of Seymour will have an opportunity to amend its complaint. The suit was filed nearly four years ago."

The Indianapolis Journal gives the following abstract of the opinion as written by Judge Gillett and concurred in by all the other members of the court.

"1. In an action to quiet title plaintiff must allege the ownership of the real estate, and that the claim of the defendant to the action in or to such real estate is adverse to the title asserted by the plaintiff. 2. A complaint to procure the cancellation of a contract must state facts sufficient to invoke the equity powers of the trial court. 3. A complaint for the reversion or cancellation of a contract which has been wholly or partly executed by the opposite party, should show a necessity for such remedy and the lack of an adequate remedy at law. 4. Where a water company accepts a grant to it by a city and fails to carry out its part of the contract, but furnishes impure water and inferior services, the remedy for the city is mandamus proceeding against the company.

The attorneys for the city in this case on appeal were Shea & Wood, Elliott, Elliott & Littleton, Lincoln Dixon and Bert New.

The attorneys for the Water Company were O. H. Montgomery and Merrill Moores.

A SIGN OF WEAKNESS

Indiana Democracy Files in the Face of Precedent.

Indianapolis, March 31.—The action of the Democratic state committee in deciding to hold two conventions this year is regarded by Republicans generally as a sign of weakness in the party. The reason for this is that the action is tacitly an admission that it has been impossible to find men who could even be drafted to fill the places on the state ticket. There has been a vigorous, though quiet, hunt for candidates going on for months but in spite of all efforts to bring out men all attempts have failed. The fact is that most Democrats have no idea that the party can win and they have no desire to become political martyrs.

The examples of Benjamin F. Shively, John W. Kern, Samuel M. Ralston, John G. McNutt, Hugh Dougherty and other past candidates who made losing races are too prominent in the minds of most politicians to make them anxious to be laid on the side as relics.

The state managers believe, however, that by waiting until after the national convention has met and while the enthusiasm which always follows such a gathering is still in effect perhaps some men can be coaxed into taking the places on the ticket. It is generally understood that it was this hope which induced the Democrats to take their unusual action. There is another reason which reveals another weakness of the party. This is that there is so much confusion as to just what Democratic principles are that it would be hard for Indiana Democrats to draft a platform lest they should find when the national resolutions are adopted that their views on the subject were not right and they would have to apologize for their platform all during the campaign.

There are just about 750 school teachers in Indianapolis tonight with still more to follow. The occasion is the twenty-eighth annual convention of the Southern Indiana Teachers' association which will be in session until Saturday evening. The convention will open this evening when Mayor Holtzman will deliver an address of welcome telling the pedagogues the value of their services to the state inasmuch as they are the real builders of character in the young. Today the teachers have put in the time visiting the local schools. Superintendent Kendall kindly invited the visitors to make themselves at home in any of the schools and they took advantage of the invitation. The program will continue until Saturday afternoon. Some notable educators have accepted the invitations to deliver addresses and several are already in the city to attend the entire convention. Their anxiety to hear and see the way the Indiana teachers do things shows that the fame of Indiana school methods has spread abroad and that people who are interested in such subjects look to this state for new and valuable ideas.

An important departure in the way of teaching children in the public schools has just been inaugurated by the school board. This is to give a complete course in physical training so that pupils will not come out of school with their heads crammed but no bodies to continue the strain of a college course or to take up some business occupation. Superintendent Kendall's idea is to train the bodies as well as the minds. Several of the grade schools which have been built in late years are provided with gymnasiums and the children have been given helpful exercises. At the last meeting of the school board arrangements were made to take up the matter systematically. Mr. Kendall was authorized to employ three physical directors. It is not the intention to work pupils too hard in the younger grades as such training would injure more than it would help them. In the high schools where they can stand more hard work the physical training course will be harder and it will probably be made compulsory.

Will Hold Two Conventions. Indianapolis, March 31.—The Democratic state committee at its meeting at the Grand hotel decided to hold the state convention for state officers on July 20, in Tomlinson hall, Indianapolis. The committee voted unanimously. It was also decided to hold a state convention, May 12 to elect delegates to the national Democratic convention at St. Louis. This was made necessary when it was decided to hold the state convention after the national convention.

Servia's Political Reforms. Belgrade, Servia, March 31.—A settlement of the difficulties between Servia and certain of the powers resulting from the assassination of the late King Alexander and Queen Draga will be announced next week, involving the removal of the court officers concerned in the conspiracy which resulted in the assassinations. The appointment of new royal aides de camp and other changes will justify the powers in restoring diplomatic relations with Belgrade.

Wanted to Go Up for Life. Los Angeles, Cal., March 31.—J. Overholzer, of Iowa, aged sixty-four, a former member of the Iowa legislature, has been sentenced to serve two years in the state prison for forgery. Overholzer requested the court to change the sentence to life imprisonment.

Mauch Chunk, Pa., March 31.—Martin Lavitski, a convicted murderer, escaped from the Carbon county prison and is still at large.

An Animal Story For Little Folks

A Catastrophe

A tabby cat looked in the sky and saw the birds there flying. And whined this very sad refrain: "To fly I'm almost dying."

He climbed upon a fence and thought; His brain grew tired, and, dreaming, He dreamed of artificial wings And locomotor scheming.

"My dream is out!" he cried aloud. "I'll fly just like a blue jay."

He found two palm leaf fans and tied them to his front paws straightaway.

A feather duster, too, he tied Upon his tail for steering. Then climbed he high upon a roof. Not for an instant fearing.

TIED THEM TO HIS FRONT PAWS.

The cat looked down and cried aloud. "Look out!" His heart then thumping, He jumped, yelled but an instant, then Upon the ground fell bumping.

"Alack, alack, my leg has snapped! My jaw, I think, is broken. Run for a doctor; bring him quick!" These were the cat words spoken.

The doctor came and tied him up. He says, "I'm feeling splendid, And mean to fly again some day As soon as I am mended."

—Henry Lippincott in Pittsburg Dispatch.

Quite a Different Matter. "I think I may say," he announced with some pride, "that I never made a fool of myself in my life."

"Are you sure of that?" asked his companion incredulously. "You'd better think again."

"Oh, well," was the reply, after a moment of thought, "of course I can recall several instances in which some girl has made a fool of me, but you must certainly concede that that is quite a different matter. No man escapes that."—Chicago Post.

Making Old Furniture. Much work is done in New York city in the reproduction of colonial and English furniture, but the best of it costs more to do here than it does abroad. Large quantities of modern "antiques" are also made in Philadelphia and are extensively sold as genuine. The cleverest reproducers in the world are the French, who copy the minutest details with perfect accuracy. Old wood from sheds and barns is used for the backs and interior of articles of furniture, and imitations of old fashioned locks are soaked in water and made to be thickly covered with rust. Bird shot is fired into the reproductions to make them appear worm eaten, and an ancient look is imparted to wood by prolonged polishing and hand rubbing.—New York Post.

How to Save Gas Bills. A North Broad street man who has a passion for reading the out of town newspapers and also for answering many of the advertisements he finds in them tells this on himself:

The other day he answered an advertisement in one of the New York papers stating that for \$1 a method for saving gas bills would be sent.

In two days he received a printed slip by mail which read, "Paste them in a scrapbook."—Philadelphia Ledger.

Federal Injunction Violated. Kansas City, Mo., March 31.—Lee Overstreet, a striking member of the truck drivers' union, convicted of violating the federal injunction which ordered the strikers not to interfere with the non-union men who had taken their places, was sentenced to sixty days in jail.

SEYMOUR EAGLES.

An Aerie Instituted here Wednesday Night.

Seymour now has an aerie of the Fraternal Order of Eagles, instituted Wednesday night with 100 charter members. The order starts off here with much enthusiasm and those who took the work last night seem wonderfully well pleased.

The order was instituted by W. S. Edwards, of Madison, and the work was done by the team from Washington, composed of men with an average weight of 182 pounds and their work is said to have been fine. Visitors were present from Cincinnati, Indianapolis and Bedford. The following officers were elected:

G. S. Hodapp, W. P. P.
J. B. Shepard, W. P.
C. E. Wood, W. V. P.
Otis Hays, C.
J. W. Massman, Sec'y.
Harry Hamilton, F. Sec'y.
G. F. Pomeroy, Treas.
U. G. Miller, Con.
Ed Kidd, I. G.
Frank Spanagel, O. G.
Trustees, Lou Vogel, Phil Meek and G. G. Meyer.
Dr. J. M. Shields, physician.

G. S. Hodapp was chosen delegate to the national meeting at Baltimore next September. After the initiation a banquet was spread in the banquet room at the Masonic Temple. Here toasts were responded to by C. E. Wood and Adda Dillard who acquitted themselves with much credit. The farewell address was made by W. S. Edwards. The whole evening was one of much pleasure for all the Eagles.

Much credit is given Geo. F. Schafer for the preliminary work he voluntarily did towards the organization of this Aerie.

WELL RECEIVED.

The I. U. Glee Club gave a Splendid Concert.

The concert given here Wednesday evening by the Indiana University glee club was well received. The program given by these young men is one of genuine merit and the generous applause of the audience showed thorough appreciation. With a band, glee club, soloist, recitationist and sketch artist they gave a varied program that appeals to and interests every one. The recitations by W. P. Pfaff were away above the average and he responded to several encores. The sketch artist was quite clever and his work was enjoyed. Throughout it was a very successful entertainment.

There was a large audience present and the Woodmen who brought the club here, will realize a neat sum as their share of the proceeds.

The prize, a silver ax, given to the high school girl selling the most tickets, was awarded to Miss Clara Abel.

Collins Will Sustained.

After a trial of two days at Salem before special Judge Perry E. Bear, of Madison, the Collins will case was decided sustaining the will of Mrs. Collins who was the wife of Judge Thos. L. Collins. The charge of undue influence and unsoundness of mind was not sustained.

At the request of Judge Collins, made before his death, Mrs. Collins gave her estate to two nieces, Mrs. H. F. White and Mrs. Anna Ewing, after awarding \$400 to be given Mrs. W. L. Taylor and Mrs. W. C. Snyder. The amount involved is about \$1,500. Hon. O. H. Montgomery was the attorney for the nieces, who win the suit.

HOMES EASILY EARNED.

Some Facts that will Interest Every Home Lover.

The Cooperative Building and Loan Association is organized to help the man who is ambitious to own a home.

If you have a reasonable amount to make a first payment, the Association will loan you the balance to make a purchase.

You pay back both the principal and the interest in small amounts. There is no dreaded day when a large sum must be paid all at once.

Begin by saying some, no matter

how little. Its a good habit to form. Small savings accumulate faster than one imagines who has not tried it.

The thrifty employee of today who learns the habit of saving regularly and systematically becomes the proprietor of tomorrow.

Business opportunities usually call for a little ready money. The young man who has saved some money and proved his worth is ready for the chance when it comes.

Many a big business of today was started with very small capital yesterday.

Place your savings with the Cooperative where they will earn more money. Let every member of the family have his own savings account, the children too. It teaches them an excellent habit in early life.

The Cooperative Building and Loan Association offers you a definite plan to save regularly in any amount your income will justify.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me.

and it is MUCH CHEAPER. There are several different springs, having different curative properties.

For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body.

An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

HOTEL RATES range from \$8 up to \$35 per week, including free use of all the waters.

Booklet telling all about the waters and giving list of hotels and boarding houses, with their rates, sent free.

VENAL JURY DISCHARGED

Court Takes Summary Action in the Botkin Case.

San Francisco, March 31.—Late yesterday afternoon Superior Judge Cook announced from the bench that an attempt had been made to tamper with the jurors in the Botkin case. He declared that he would discharge the jury and begin the trial on the case anew. Acting upon information that four jurors had been bribed to favor the prisoner, Mrs. Cordelia Botkin, Judge Cook ordered the jury into the custody of the sheriff until this morning when he began to empanel a new one. When the defendant came Mrs. Botkin's attorney made a passionate speech, disclaiming that Mrs. Botkin or anyone connected with her case was implicated.

A brief investigation was held by Judge Cook after the jury left the room. Chief of Police Wittman testified that one of the jurors had followed him to his office and said that on the previous evening a stranger had called on him and said: "We have secured four jurors for the defense, and want a fifth. We will give you \$50." The juror told the chief that he turned down the offer.

HAD TO SIT DOWN

W. J. Bryan Given a "Calling" by the Court.

New Haven, Conn., March 31.—Further sensational incidents marked the second day's hearing on the appeal of William J. Bryan from probate in the superior court before Judge Gager. Former Judge Stoddard, counsel for Mrs. Bennett, and Mr. Bryan engaged in a wordy war during the morning session, and the court had to intervene. It followed immediately after reference to the correspondence between Mr. Bryan and Mr. Bennett had been made by Judge Stoddard in which it was alleged that Mr. Bennett was brought to the point of writing the "sealed letter" by Mr. Bryan. Judge Stoddard implied that Mr. Bryan was withholding their contents and said: "If this man insists upon getting \$50,000 from the widow by suppressing facts and showing that these letters were written at his behest, the court should know the facts." Mr. Bryan jumped to his feet and insisted that Judge Stoddard had misstated the facts but the court ordered him to sit down. The day was taken up entirely by arguments on the question of admitting the "sealed letter."

New Political Party Proposed.

East St. Louis, Ill., March 31.—W. T. Scott, a negro, has announced that preparations have been completed for a national convention for the nomination of a negro candidate for president. The convention will be held in St. Louis, July 5. The name of the new party is "The National Civil Liberal party" and a platform will be adopted, which will call for government ownership of transportation facilities and a pension list for former slaves. S. P. Mitchell, of Memphis, Tenn., is president of the organization.

BETHANY

The schools at No. 8 and 9 closed Saturday with Lillian Whicker and James Densford as teachers. The patrons at No. 8 gave Miss Wicker a big dinner and all present enjoyed themselves.

The back water was the highest last week it has been for years.

A few of the relatives and friends gathered at Jonathan Lee's Sunday to remind Uncle Sam of his 87th birthday.

Ward Garriott's school at No. 7 will close Saturday.

Mrs. D. A. Baker is on the sick list. James Lee will move to Tampico to George Beldon's farm as soon as the water goes down.

The heavy rains of last week did considerable damage to the pike washing out culverts.

Mat Reynolds, of Grassfork, came near getting drowned at what is called water's lane Thursday by a bridge being washed out.

Mrs. Marion Rider is on the sick list.

Ward Garriott spent Saturday boat-ing feed across the back water.

Mrs. Edith Erwood, of Little York, who has been visiting here for some time, returned home Monday crossing the bottoms in a boat.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by C. W. Milhous.

WEST REDDINGTON

White river was higher here Sunday than for many years.

Mrs. Anna Combs visited friends at Jonesville Thursday.

Tip Spurling is on the sick list.

Chris. Tabor, of Kurtz, spent Sunday with his parents here.

The storm Friday evening blew a large glass window in for George Baker.

Mrs. Hettie Craig has the grip.

While Dr. was returning from a visit to one of his patients Friday evening the lightning struck near by knocking his horse down and stunning him. They were not seriously injured.

The recent rains did much damage by washing the ground and the farmers are now busy repairing washouts.

REDDINGTON.

Jabez Matheny is sick.

Elder Henderson will fill Elder Jones appointment at this place Sunday.

Mrs. Malinda Swengel is sick with erysipelas.

Will Deppert and Clyde Harris moved out of their homes in the bottoms for several days on account of high waters.

C. B. Davis came up from Seymour Sunday to visit relatives.

Louie Emhoff, of Seymour, visited Jim Baldwin over Sunday.

As Dr. Hunter was returning home Friday night during the electrical storm, a bolt of lightning struck so near him that it knocked his horse down and gave the doctor a shock that made him quite sick for a while. It was a narrow escape but no serious damage was done.

S. A. Barnes of Seymour, Calvin Talley and C. Welliver appraised the personal property of the late Milton A. Hazzard Wednesday.

Roy Luckey, who is home sick with typhoid fever, is some better.

Mrs. Mary Hunter is the guest of her son, Dr. Hunter and family.

Mrs. Ella Baldwin and Dick Godfrey returned home Sunday from a visit with relatives at Columbus.

Wm. A. Hazzard and family visited Mrs. Ellen Hazzard, of Seymour Sunday.

Mrs. Dave Ackert came down from Indianapolis Monday to visit her parents.

THE RECORD MARK

Has Been Reached by the
Wabash River at the
Vincennes Gauge.

SERIOUS LEVEE BREAK

Many Houses Washed From Their Foundations and Much Livestock Perishes in Flood.

Thousands of Acres Inundated and the Damage Will be Enormous.

Vincennes, Ind., March 31.—The Wabash river here has reached a mark of twenty-three feet, which equals the highest in its history. The most serious of many breaks in the levee occurred near Belgrade landing, eight miles north of here, on the Illinois side. The break occurred in a bend in the river, the water rushing through with great speed. Many houses were washed from their foundations and much livestock was drowned. The water washed through Westport, putting the water to the second stories. The flood is still rising in the little town and doing enormous damage in Lawrence county, two-thirds of which is now under water. In many places the water is twenty feet deep.

The B. & O. S. W. tracks between here and Lawrenceville, Ill., are being washed out because of the levee breaking. The long trestle, two miles west of here, is in a dangerous position and may be washed out. If it should go the loss to the B. & O. S. W. will be thousands of dollars.

DEMANDS OF MINERS

They Make Several at Joint Conference Begun at Terre Haute.

Terre Haute, Ind., March 31.—The joint conference of Indiana operators and miners has been resumed with nearly 200 delegates present. The discussion opened at once on several demands made by the miners. One is for a reduction in the price of powder from \$1.75 to \$1.50 a keg, the miners agreeing as heretofore to buy only from operators. A demand is made for a reduction in the charges made by operators for blacksmithing in machine mines.

It is also demanded that the engineers and other day labor have the benefit of the eight-hour day. President-elect Boyle saying that the public has been led to believe the eight-hour day prevails, whereas it does not, as to a large number of men at the mines.

Press Association Committee.

South Bend, Ind., March 31.—John B. Stoll, president of the Indiana Press association, has announced the selection of an executive committee: Frank Singleton, of Martinsville, chairman; S. N. Cragin, Lebanon; Benjamin F. Louthain, Logansport; and Benjamin F. McKee, of Lebanon. The first meeting of the association will be held at St. Louis during the world's fair, or else at Winnipeg during the Canadian tour. The association has been invited to hold a winter meeting at Gulfport, Miss.

Echo of Purdue Wreck.

Lafayette, Ind., March 31.—Harry Adams, of Frankfort, who played on the Purdue football team and was a victim of the wreck at Indianapolis last October, has received \$1,200 from the Big Four Railroad company and all expenses from the time of the accident until he was able to return to school. He was injured about the head and side. A number of other claims have been sent to the company, which have not been settled.

Strange Lapse of Memory.

Anderson, Ind., March 31.—L. H. Vinnege, in the charge of Chief of Police Robins, has arrived here. He asserts that he knows nothing about the drawing of a check for \$5,000 and also affirms that his mind has been a blank since he left Anderson. He said he did not even know he was in New Orleans until he read in the newspapers an account of his being lost. After giving a bond for \$2,500, he was allowed to go to his home.

"The Pace That Kills."

Brazil, Ind., March 31.—Tenny P. Lewis, joint representative for the counties of Clay and Owen, has been transferred to the Indiana reformatory at Jeffersonville, to serve an indeterminate sentence for embezzling \$647 from the local union of the United Mine Workers, while serving as secretary. His downfall is attributed to the environments marking his service in the legislature at Indianapolis.

Capital City Out of Gas.

Indianapolis, March 31.—The natural gas supply of the Consumers' Gas trust will be turned off at midnight. At present the company has about one ounce of pressure at the city limits. Of the 1,000 remaining consumers not more than 500 have enough gas to light. The shutting off of gas is in accordance with a resolution adopted by the directors.

Aged Woman Burned to Death.

Bloomington, Ind., March 31.—Rebecca Pellis, an inmate of the county infirmary for twenty years, was burned to death, her clothing catching fire from an open grate.
